Dear Participant,

Before joining the on-line zoom meeting:

- You will need a computer, laptop, iPad, tablet, or smartphone with speaker or headphones.
- *Have a Practice Run* - Before joining us, we recommend familiarising yourself with Zoom by joining a test meeting, and checking your device's microphone, speakers and camera.
- You can do this on your desktop via: http://zoom.us/test

- If you have not downloaded the **"Zoom Client for Meetings"** application yet, you can download it as follows:

    - For iOS devices (ie. iPhone, iPad)   click here to download from the App Store
    - For Android devices (ie. Samsung, tablets)   click here to download from Google Play
    - For PCs, your web browser will download automatically when you start or join your first Zoom meeting, and is also available for manual download here.

- You will receive an email with the event details – ie. Zoom Meeting ID, Password, Date and Time.
  Simply create an event or a calendar reminder on your device with the details provided.
